---

## Professional Summary

Passionate and motivated third-year Computer Science student with hands-on experience in product design and web development. Adaptable, quick to learn, and committed to continuous improvement. Skilled in teamwork, problem-solving, and communication, with a strong technical foundation. Seeking opportunities to apply knowledge, develop new skills, and contribute to team success.

---

## Experience

### Product Design Engineer

*Shadel - Cairo, Egypt | Feb 2024 - Present*

- Designed and developed 15+ custom kitchen equipment models for cafes and restaurants worldwide using AutoCAD and SolidWorks 3D.
- Created 30+ detailed 2D AutoCAD MEP drawings (mechanical, air, gas, plumbing) for kitchens and hotels, ensuring compliance with safety and operational standards.
- Ensured 100% of products met international standards and client specifications, resulting in a 25% improvement in operational efficiency.
- Collaborated with clients and engineers to tailor designs, reducing installation errors by 20%.

### Full Stack Web Developer (Freelance)

*Remote | Jan 2025 - Present*

- Built and deployed 5+ full stack websites with integrated databases using React, Node.js, and MongoDB.
  - Developed and managed relational databases to support dynamic content and user management for over 3,000 monthly active users.
  - Delivered secure, responsive solutions that increased clients' conversion rates by up to 35%.
  - Implemented deployment workflows using Vercel and GitHub for continuous delivery.
- 

## Projects

- **Kitchen Equipment Design:** Led the design and delivery of 15+ kitchen models now used in multiple restaurants, supporting efficient workflows and compliance with international standards.
- **MEP Drawings for Hospitality:** Produced 30+ 2D AutoCAD MEP drawings for kitchens and hotels, integrating air, gas, and water systems for safe and efficient utility distribution.
- **Web Development Portfolio:** Developed and launched 5+ full stack websites, including a portfolio site for a general trade company, improving digital branding and client engagement.

---

## Education

### Bachelor of Computer Science

Arab Open University – Cairo, Egypt

Sep 2023 – Jun 2027

### High School Diploma

Al-Qobba Military School

Sep 2021 – Jun 2023

---

## Certifications & Courses

- AutoCAD 2D (Completed)
  - AI Full Diploma (In Progress: Jul 2024 – Nov 2024)
  - SolidWorks 3D and Sheet Metal Design (Self-Study)
  - JavaScript Algorithms and Data Structures (freeCodeCamp)
  - Git & GitHub Crash Course (Udemy)
- 

## Skills

### Technical Skills:

- AutoCAD, SolidWorks 3D, Sheet Metal Design, MEP Design
- Python, Java, JavaScript, C/C++, HTML, CSS, SQL
- Web Development (React, Node.js, Express, MongoDB, MySQL)
- Git, GitHub, Vercel
- Database Management, Deployment Pipelines

### Soft Skills:

- Problem-solving, Analytical Thinking
  - Teamwork, Communication
  - Critical Thinking, Creativity
  - Time Management, Project Management
  - Leadership (Scout Leader Experience)
- 

## Languages

- **Arabic:** Native
  - **English:** Proficient (B2)
  - **French:** Intermediate
